

SCIENCEPLUS[®]

Technology and Society

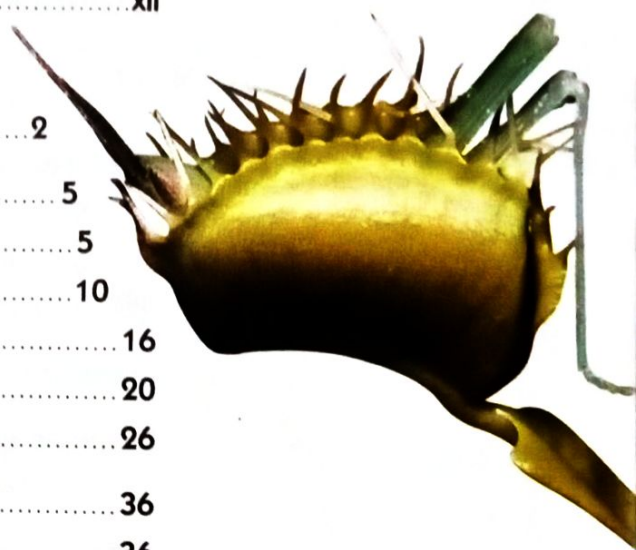

Contents

To the Student	x
About Safety	xii

Unit 1 Interactions

THE PLAYERS AND THEIR ROLES	5
1 You and Your Environment	5
2 The Living Players	10
3 The Movement of Energy in a Community	16
4 Who Eats What?	20
5 The Nonliving Players	26
PUTTING IT ALL TOGETHER	36
6 Natural Changes	36
7 Humans: Boss or Co-Worker?	50
Making Connections	58
Science in Action:	
Spotlight on Veterinary Science	60
Science and Technology:	
Oceanography	62

Unit 2 Diversity of Living Things

64

SUCH VARIETY!

66

1 Living Things in All Shapes and Sizes

66

2 Why Is There Diversity?

74

BEGINNINGS AND ENDINGS

86

3 The Origins of Diversity

86

4 The Loss of Diversity

90

KEEPING TRACK

94

5 Making Sense of Diversity

94

6 Ordering Diversity

112

7 Life Cycles: Diverse Stages

116

Making Connections

124

Science in Action:

Spotlight on Medicine

126

Science and Technology:

Extinction in the Modern World

128

Unit 3 Solutions

130

A SOLUTION OR NOT?

132

1 Solutions and Non-Solutions

132

2 Parts of a Solution—Solutes and Solvents

140

3 Soluble, Not Very Soluble, or Insoluble?

148

SEPARATING SOLUTE AND SOLVENT

152

4 The Salt Industry

152

5 Desalination and Distillation

156

6 Another Solution

160

7 Sugar Solutions

164

MEASURING FORCES	210
4 The Tools to Use	210
5 Estimating the Size of a Force	216
6 How Strong Are You?	220

FRICTIONAL FORCE	225
7 Take a Look at Friction	225
8 Causes and Consequences of Friction	231

GOING THROUGH THE MOTIONS	236
9 Thought Experiments	236
10 Puffball: A Game of Force and Motion	242
11 What Is Inertia?	246
12 Forces in Pairs	251

Making Connections	256
---------------------------	-----

Science in Action:	
Spotlight on Electrical Engineering	258

Science and Technology:	
Rocket Science	260

Unit 5 Structures and Design 262

THE SCIENCE OF STRUCTURE	264
1 Planning the Structure	264
2 Response of Structures to Force	272
3 Engineering Structures	282

THE ART OF DESIGN	293
4 Beauty in Structures	293
5 A Question of the Environment	304
	310

Making Connections	
---------------------------	--

Science in Action:	312
Spotlight on Architecture	

SCIENCE AND THE ARTS

Art and Science: A New Perspective

370

Unit 7: The Business Earth

370

Global Warming and Policy

370

1. Making Policy Choices

370

2. The Green House: A New Perspective

370

3. Greenhouse: A New Perspective

370

THE RACE TO SPACE

370

1. Race to the Moon

370

2. The Race

370

3. Race from Space

370

4. The Race to Space

370

FOSSILS—RECORDS OF THE PAST

370

1. Fossils: A New Perspective

370

2. Telling Time With Fossils

370

Making Connections

370

Science in Action:

Spotlight on Georgia

370

Science and the Arts:

Jewelry

374

Unit 7 Toward the Stars	376
THE OBSERVERS	378
1 What Is Astronomy?	378
2 An Ancient Science	382
THE EARTH MOVES	392
3 A Scientific Revolution	392
4 Motions and Their Effects	398
EXPLORING THE SOLAR SYSTEM	406
5 Visitors from Space	406
6 The Space Probes	411
7 Colonizing the Solar System	416
OUR UNIVERSE	422
8 Messages from the Stars	422
9 Earth's Place in the Universe	429
10 A Likely Beginning	436
Making Connections	440
Science in Action:	442
Spotlight on Astronomy	442
Science and Technology:	444
The Most Powerful Objects in the Universe	444
Unit 8 Growing Plants	446
GARDEN INGREDIENTS	448
1 A Garden in Space	448
2 The Beginning of the Garden	450
3 Breaking Ground	454
INNER ACTIONS OF PLANTS	463
4 Water, Water, Everywhere!	463
5 Giving Plants a Hand	469

6 Flowers and Pollination	473
7 Plants from Plant Parts	479
PLANTS IN YOUR ENVIRONMENT	484
8 Medicine or Poison?	484
9 Make a Green World!	486
<i>Making Connections</i>	494
<i>Science in Action:</i>	
Spotlight on Agricultural Engineering	496
<i>Science and Technology:</i>	
Genetic Engineering	498
CONCEPT MAPPING	500
GLOSSARY	501
INDEX	505
